CLUB MEETINGS

Club meetings are held on the first and next to last Thursday of each month beginning at 7:30 PM. All meetings are held at the YR Club on Rt. 611 in Easton except during the months of May through September, when the first meeting of the month will be held outdoors at Hackett Park weather permitting. **All meetings are subject to change depending on weather conditions.** To find out the status of a meeting, call Brad and listen to the message on the machine.

It is not required but suggested that you join the YR Club. If you are planning to eat at the club prior to the meeting, please call after 3:00 PM and make a reservation. The YR Club number is: 610-252-6971.

MARCH MEETINGS

5th & 19th

FROM BEHIND THE WHEEL - THE PRESIDENT'S MESSAGE

Well we did have a brief taste of spring a few weeks back but the harsh reality of winter has returned. At least we aren't shoveling snow (as of this writing). So how are all the winter projects coming along with your cars? Before you know it we will be out at some shows and cruises so you had better finish them up so you can be ready for road. If you have an interesting story about your winter projects or any project you are about to start, let me know and I will try to include it in a future newsletter. We all have something to share and learn from our experiences. There are plenty of resources on the internet as well for just about anything Corvette related. The two that come to mind first are the Corvette Forum www.corvetteforum.com and the Corvette Action Center www.corvetteactioncenter.com. These are forum based web pages that will allow you to find out everything you need to know about every aspect of your car, events, parts and classified ads. Many of our members including myself have used the resources of other Corvette owners to ask questions and share experiences about their projects or potential projects. There are plenty of links on both forums to other pages if you are looking for wheels, clothing or parts etc..

There is some updated information on our cruises inside and a list of some of the early season shows we have designated as club events. I am continuing to make some minor changes on the newsletter and hopefully I am close to the final version. I have been trying to reduce the amount of time it takes to write, print and mail this thing out. Just in case you don't read it on the inside, there won't be any more applications included with newsletters with the exception of our own Vettes for Pets application which should be ready by next month. Any of the applications designated as club events will be on the club web page for download and printing. Postage is going up again in May so we need to look for ways to reduce the number of copies we mail out. I would ask you to think about joining the other club members who receive their newsletter via email. If you are interested, please send an email to me at eagleye@rcn.com and I will add you to the "E" list. You can also view the current newsletter on the club web page. Speaking of the club web page, there is a lot of interesting information that Steve Jurczyk puts on there on his own to make it more interesting to view. Thanks to Steve, we have a very informative web page. There are also links to our sponsor, Deichman Walker Chevrolet, Camelot for Children, The Center for Animal Health and Welfare and where to find the cheapest gas in the area. Please don't forget the discounts we get from Deichman Walker Chevrolet and Advance Auto. With the economy what it is these days any discount is appreciated. I would hope you take advantage of these discounts when you need service or parts for your Corvette or other vehicles you might own. Have a great month, we aren't far from Spring!

Brad
