CLUB MEETINGS

Club meetings are held on the first and next to last Thursday of each month beginning at 7:30 PM. All meetings are held at the YR Club on Rt. 611 in Easton except during the months of May through September, when the first meeting of the month will be held outdoors at Hackett Park weather permitting. **All meetings are subject to change depending on weather conditions.** To find out the status of a meeting, call Brad and listen to the message on the machine.

It is not required but suggested that you join the YR Club. If you are planning to eat at the club prior to the meeting, please call after 3:00 PM and make a reservation. The YR Club number is: 610-252-6971.

JULY MEETINGS

2nd & 23rd

FROM BEHIND THE WHEEL - THE PRESIDENT'S MESSAGE

It's July already (half of 2009 is gone already) and so far it hasn't seemed much like Summer. The temperatures have been on the cool side and I have spent more time behind my lawnmower than behind the wheel of either Corvette. Even with the wet weather, we managed to get our cruise in and none of the shows were at were cancelled or postponed because of rain. May finished off with the EACC attending the Iron Pigs game on the 31st which was a nice win for the home team. Our club participation at the Vettes for Vets show on the 14th of June was one of the strongest for the club in a while. We pulled out of the Park & Ride with 11 cars and by the time everyone was settled in at the show, we had close to 20 cars of the 151 on the show field. The next weekend wasn't so nice but the Corvette Club of Delaware Valley hosted their 39th annual Cavalcade of Corvettes. The weather did not cooperate but the show went on as planned. There were about 65 cars there with a lone representation from the EACC. There were 3 EACC cars pre-registered for the show and even that was a disappointment because this was a new show for our club. I can tell you that this was a very nice show and not that far from Easton. It was a nice ride down 611 and within an hour, we were parked at the show. Everyone from the club was very friendly and appreciated seeing some new faces at their show. Wet weather shortened the event but everything went on a scheduled and I am already registered for next year's show on the 19th of June. There are a few of their members already signed up for VFP's and I hope our weather is better than the weather they had. There were 8 club cars at the Soap Box Derby display in center square Easton on Sunday the 21st. The weather cooperated and there were quite a few visitors who stopped by to admire the cars. As of this writing, the weather looks good for the double header weekend when we will be going to the Classy Cruisers Show & Shine on Saturday and Skyline Drive Corvette's Vettes Cruisin for Pets on Sunday. Both of these shows are new for the club this year as club events and both are worth the trip. If there are good results for club any members at these shows it will be posted in next month's newsletter. The back page has important reminders for VFP's Twelve and the club picnic. At the last meeting, we only had 14 people signed up for the picnic on July 12th. That is a pretty poor showing for a FREE picnic and nice ride up to a very nice location. I hope some more of you are planning on signing up before July 5th. VFP's Twelve is coming along nicely and I appreciate everyone's help so far in the critical planning stages for our show. The next page will list the shows coming up for July and the applications are on our web page. If you need a hard copy for any of the shows give me a call or see me at a meeting. I can't urge you enough to get your Corvettes out of the garage and drive them! Even if you can't make a club event due to a conflict in schedules you need to make time to drive your car. The Mystery Fun Run has been cancelled because the Corvette in question made an appearance at our cruise. That's right..... it does exist and it was worth the wait. On page 3 there is a notice about a guy who does re-chroming at very reasonable prices. Thanks to Fred Benjamin who sent me the information and asked me to put it in this edition. Many people don't realize the bank of knowledge that is at our fingertips for all to use and withdrawals are encouraged! Let me know if you have any referrals for parts or services and I will include them in a future edition. **See You On The Road Brad**
